

Affirmation Of Equitable Services Consultation

TITLE IV-A

Name of Private School _____

I affirm that timely, meaningful consultation was conducted, during which I was provided information about equitable participation of private schools in the Title II, Part A: Supporting Effective Instruction and Title IV, Part A: Student Support and Academic Enrichment programs.

I received information on the following topics:

How student needs will be identified

How student needs will inform professional learning needs of teachers, principals and other school leaders

What services will be offered

How, where and by whom the services will be provided

How the services will be assessed and how the results of the assessment will be used to improve those services, as school districts are responsible for ensuring private schools measure effectiveness of funded activities

The size and scope of the equitable services to be provided to eligible teachers, the amount of funds available for those services and how that amount is determined

How and when the district will make decisions about the delivery of services, including a thorough consideration and analysis of the views of the private school officials on the provision of services through potential third-party providers

Whether to provide equitable services to eligible private schools by creating a pool or pools of funds with all of the funds allocated
