# T4A Mini Con: Palooza - DRAFT Agenda

## Concurrent Session Descriptions

	<b>Presenter/Organization</b>	<b>Session Description</b>	<b>T4A Component Area</b>
1	<b>Readiness and Emergency Management for Schools (REMS)</b>	REMS helps build the preparedness capacity (including prevention, protection, mitigation, response, and recovery efforts) of schools, school districts, and institutions of higher education (IHEs), and their community partners at the local, state, and Federal levels.	<b>Safe &amp; Healthy</b>
2	<b>MakerMaven</b>	Maker Maven will demonstrate MERGE. Maker Maven is a full service S.T.E.A.M and MakerEd company dedicated to helping schools, libraries and districts start or add to their MakerEd initiative. Maker Maven provides maker kits, individual activities, custom orders, and professional development services.	<b>Effective Use of Technology</b>
3	<b>Food Recovery Initiatives – Elaine Fiore</b>	This session will outline a food rescue project to reduce food waste in the school cafeteria, which results in reducing the school’s carbon footprint, while supporting hunger relief in the community. Food in the landfill decomposes and creates methane gas, which is 21 times more potent than CO2. Over 1 billion food items are wasted annually in U.S. schools.	<b>Well Rounded Education and Safe &amp; Healthy</b>
4	<b>Florida Youth Survey – Tera Anderson</b>	The Florida Youth Survey (FYS) is a multi-agency youth health behavior surveillance program coordinated by the Florida Departments of Health, Children & Families and Education.	<b>Safe &amp; Healthy</b>
5	<b>National Inventors Hall of Fame</b>	The National Inventors Hall of Fame (NIH) supports and sustains worldwide innovation. NIH offers education programs that combine hands-on fun and creativity with science, technology, engineering and mathematics (STEM) concepts.	<b>Well Rounded Education</b>
6	<b>McRel International</b>	Learn how to advance teacher and student learning by leveraging the power of curiosity and teacher reflection.	<b>Well Rounded Education</b>
7	<b>Florida KIDS COUNT – Norin Dollard</b>	The objective of Florida KIDS COUNT is to inform Floridians and their policy makers about the quality of life for Florida's children, and to build leadership and accountability for action on behalf of our children.	<b>Safe &amp; Healthy</b>
8	<b>Florida Tech Council</b>	The Florida Technology Council works toward furthering the advancement of technology in Florida through leadership, education, legislation, and social action.	<b>Effective Use of Technology</b>
9	<b>Community Schools</b>	The Center for Community Schools’ primary purpose is to assist school districts and communities interested in establishing, sustaining and improving community schools. Areas of primary center focus include community school technical assistance, university-assisted partnerships, training and development, and assessment and evaluation.	<b>Well Rounded Education and Safe &amp; Healthy</b>
<b>Other sessions include human trafficking, CTE, health education, district highlights, and coding.</b>

### Workshop Descriptions

Presenter/Organization	Session Description	T4A Component Area	Session Length
<b>Inventors Hall of Fame STEM Lab Maker Space for Elementary Science</b>	This training will help educators make STEM learning more accessible to everyone. This training will help teachers present the robust, flexible STEM Maker Lab curriculum. This curriculum enhances the makerspace experience, empowering students to solve realistic challenges, design prototypes and uses the latest tech tools.	<b>Well-rounded</b>	<b>Full Day</b>
<b>Online Physical Education Network</b>	Physical education workshop for teachers to examine how OPEN resources fortify and support current strategies to ensure student learning in a positive learning environment. There will be one K-5 session and one 6-12 session.	<b>Well-rounded and Safe &amp; Healthy</b>	<b>Half Day</b>
<b>Selah Freedom Commercial Sexual Exploitation of Children (CSEC)</b>	Through this two-hour curriculum, youth-interveners will leave with a greater understanding of the realities of sex trafficking, its root causes, how to identify victims, etc. This training is beneficial in educating anyone working with youth on the commercial sexual exploitation of children (CSEC).	<b>Safe and Healthy</b>	<b>Half Day</b>
<b>Selah Freedom Sex, Lies, Media</b>	Sex, Lies & Media is Selah Freedom’s informative and cutting edge presentation created to educate and empower parents and youth workers on the tactics of predators, how to effectively communicate with teens and the latest apps putting them at risk.	<b>Safe &amp; Healthy</b>	<b>Half Day</b>
<b>McREL – Workshop # 1</b>	<b>School Improvement that Works: From Improvement to Innovation (3-hour session)</b> In this session, learn how to cultivate teacher curiosity and identify and leverage bright spots to move your school along an improvement continuum that includes adopting better routines, ensuring consistency of those routines, developing professional expertise, and ultimately, encouraging innovative practices.	<b>Well-rounded</b>	<b>Half Day</b>
<b>McREL – Workshop # 2</b>	<b>Instructional Coaching that Works: The Power of Peer Coaching (3-hour session)</b> Feedback and coaching have long been recognized as critical components of teacher professional learning. In this session, participants will learn some key peer coaching structures that can advance teacher and student learning by leveraging the power of curiosity and teacher reflection. Learn to: * Create belief among your school team that personal and collective growth are possible.	<b>Well-rounded</b>	<b>Half Day</b>

## T4A Mini Con: Palooza - DRAFT Agenda

---

	<ul style="list-style-type: none"> <li>* Build a shared moral purpose among teachers about what coaching is and why it's good for your school.</li> <li>* Identify and build on existing bright spots at your school, using an asset-based coaching approach instead of a deficit model.</li> <li>* Support and guide teacher triads as they study and reflect on practices that support a shift from a teacher-directed to a student-owned classroom experience.</li> </ul>		
<b>Arts4All</b>	This training will provide professional development to increase student access. The mission of Arts4All Florida is to provide, support and champion arts education and cultural experiences for and by people with disabilities.	<b>Well-rounded</b>	<b>Full Day</b>
<b>SREB – Middle Grades Science</b>	Training for two full year STEM-based middle school courses. Each course contains six projects that allow middle grades students to engage in heads-on, hands-on learning that requires them to apply science, technology, engineering, mathematics and knowledge and skills to the solution of authentic problems.	<b>Well-rounded</b>	<b>Full Day</b>
<b>Youth Mental Health First Aid</b>	Youth Mental Health First Aid is designed to teach parents, family members, caregivers, teachers, school staff, peers, neighbors, health and human services workers, and other caring citizens how to help an adolescent (age 12-18) who is experiencing a mental health or addictions challenge or is in crisis. Topics covered include anxiety, depression, substance use, disorders in which psychosis may occur, disruptive behavior disorders (including AD/HD), and eating disorders.	<b>Safe &amp; Healthy</b>	<b>Full Day</b>
<b>CPR/First Aid</b>	Participants will receive expert training in First Aid and Basic Life Support CPR (adult, child & infant) including Automatic External Defibrillator (AED). This half-day class includes instruction, demonstrations and hands-on activities.	<b>Safe &amp; Healthy</b>	<b>Half Day</b>
